SUPPLEMENTAL SCHEDULE FOR JULY 2021 FINANCIAL REPORT

INCOME TAX REVENUE:

Income Tax revenues in the General Fund only are \$3,142,000 higher through July 2021 vs. July 2020 and \$1,283,000 above estimate. Through July 2021, Withholding taxes are up 21.7%, Individual taxes are up 62.7% and Net Profit taxes are up 55.0%. Including Parks, Fire, EMS and Hudson Schools, income taxes are up \$4,262,000 or 28.7%.

Due to COVID, in 2020 the April 15 tax filing deadline was extended until July 15 causing timing differences for Individual and Net Profit filing and payments. For 2021, the filing deadline was extended until May 17. Because of this, Individual and Net Profit receipts for 2021 as compared to 2020 will likely be artificially higher through September. Withholding taxes are significantly higher primarily due higher due to a few one-time, large payments that appear to have been bonuses paid to employees.

When we compare actual income tax receipts to a normalized forecast, we are \$1,556,000 (8.9%) above the original estimate for 2021.

Opportunities and Updates

- VBB is still seeing churn from businesses closing or moving offices to a work from home model. We also have seen an office building close in the last month for renovations that displaced multiple VBB customers. We expect these office locations to re-establish service when tenants move back in or when new leases are established.
- We have seen a recent increase in requests from new and current businesses looking for smaller offices that have VBB service. We are actively helping these businesses find and connect with property owners.
- Revenues were down for the month of July as we had a delay in payment from a few larger customers. At this time these customers have indicated that payments are in transit, and are expected to be received by VBB in August.
